

Schwab SIMPLE IRA plan for employees

By opening a Schwab SIMPLE IRA, you can save for retirement, reduce your taxes, and benefit from your employer's contributions to your account.

Benefits

Convenient retirement savings—Build your retirement savings with pre-tax contributions that are deducted directly from your paycheck once you enroll.

Great value—Keep your costs low and maximize your investment returns with no account opening or maintenance fees (other account fees, fund expenses, and brokerage commissions may apply)¹ and a wide choice of no-load, no-transaction-fee mutual funds.²

Tax advantages—Since your contributions are deducted from your salary before federal income taxes are assessed, your taxable income is lowered, as is the amount you'll pay in federal taxes.

High contribution limits—You can contribute up to 100% of your compensation or a maximum of \$12,500 for tax year 2018 and \$13,00 for tax year 2019; if you are age 50 or over, you may contribute up to \$15,500 for tax year 2018 and \$16,000 for tax year 2019.

Employer contributions—Your employer adds to your retirement savings by making contributions to your account.

100% immediate vesting—All contributions made into your SIMPLE IRA, including those from your employer, vest immediately.

Target date funds are built for investors who expect to start gradual withdrawals of fund assets on the target date, to begin covering expenses in retirement. The principal value of the funds is not guaranteed at any time, and will continue to fluctuate up to and after the target date. The target date in the name of the fund is the approximate date when an investor plans to start withdrawing money. There is no guarantee the funds will provide adequate income at or through retirement. The funds' asset allocations are subject to change over time in accordance with the prospectuses.

- **Schwab MarketTrack Portfolios**[®] are designed to give your portfolio a well-diversified base. Choose from four unique index fund portfolios, each with a different mix of investments to match your risk tolerance and goals, in one cost-effective mutual fund.
