

# Get ready to build your financial plan with a CERTIFIED FINANCIAL PLANNER™ professional.

Preparation counts when you're creating your Schwab Intelligent Portfolios Premium™ plan. Review the checklist below to make the most of our planning tool and your appointment with a CFP® professional to develop a smarter, more informed financial plan.

## Information you'll be asked to share:

- Basic information about your income, children, and beneficiaries.
- Your expectations and concerns regarding your financial future.
- Your short- and long-term personal and financial goals.
- Your current approach to saving and reaching your financial goals.
- Details about your assets and liabilities.
- Your tolerance for financial risk.

## Don't forget to:

- Invite your spouse or partner to participate in the plan from the beginning to get a holistic view of your finances.
- Share all your financial goals, not just retirement (for example, home renovations, healthcare, college, travel, etc.).
- Include all assets, such as brokerage and 401(k) accounts, inheritance, checking and savings accounts, property and relevant insurance information (life, etc.).
- Include major liabilities, such as a mortgage, business loans, credit cards, and auto and student loans.

## Time-saving tips:

- Have your login credentials for outside financial institutions handy. Securely linking all of your accounts with our tool will save time and give you real-time accuracy and results.
- Your latest tax return can be a helpful reference to have while developing your financial plan.
- We will conduct your appointment using WebEx. Allow yourself extra time to set up WebEx if you're unfamiliar with it.

## Final note:

Don't worry if you do not have all the answers or if you feel concerned about the plan results. You'll be meeting with a CERTIFIED FINANCIAL PLANNER™ professional who can answer your questions and help you complete your plan.
