Funding your PCRA

Whether you're transferring money into your account for the first time or adding funds later, follow these steps:¹

1. Decide how much money you want to transfer and from which retirement plan investments (for example, \$5,000 from EFG Fund and \$2,500 from XYZ Fund).
2. Contact your Provider and follow their instructions for transferring money to your PCRA. Note any transfer limits they may impose.
3. Your funds will be automatically placed in the cash sweep feature in your PCRA and will be available for trading.²

Investing with your PCRA

Hypothetical scenario: You've opened and funded your account and are ready to use the proceeds to buy an investment through PCRA that isn't offered by your retirement plan.

1. Sell

You need to sell an investment in your retirement plan to make cash available to fund your PCRA. For example, you sell shares of EFG Fund.

Your retirement plan investments

2. Transfer

Instruct your Provider to transfer the proceeds of that sale to your PCRA. The money will be automatically placed in the cash sweep feature in your PCRA.

Your sale proceeds

3. Invest

From your cash sweep feature, you can now purchase:

- Mutual funds
- Stocks
- Bonds
- Exchange-traded funds
- Certificates of deposit
- And more

Your PCRA investment choices

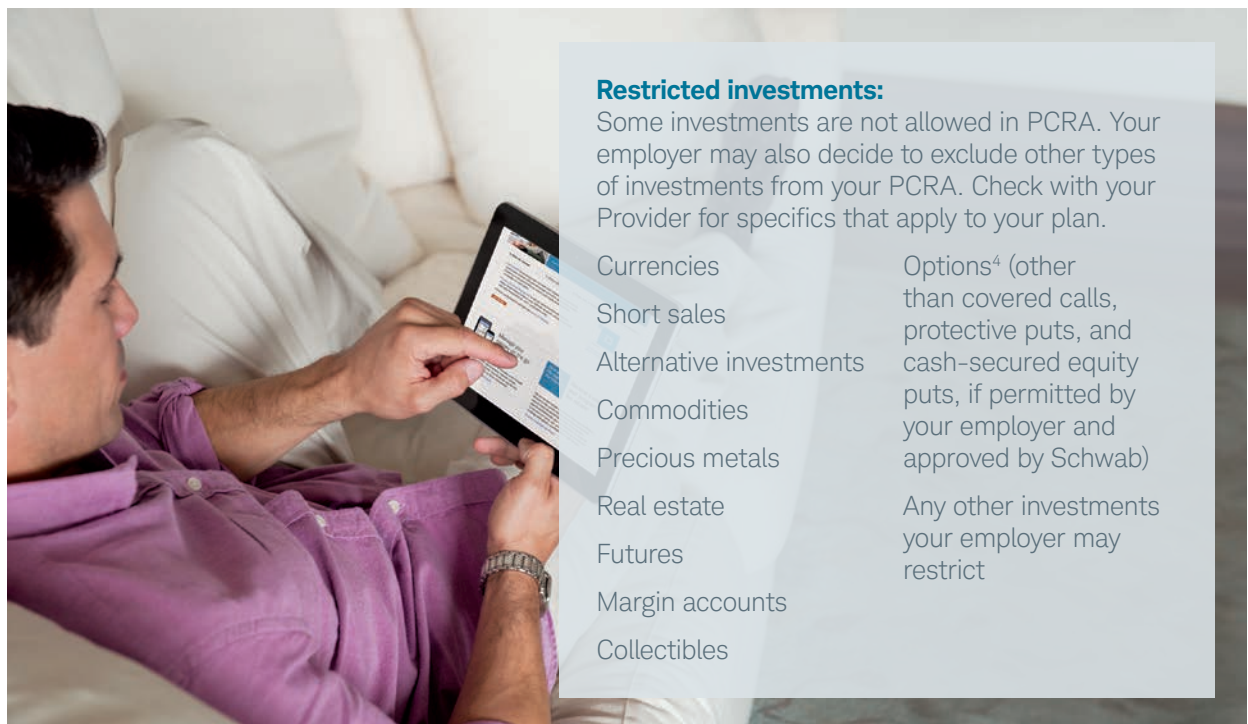

For illustrative purposes only. Contact your dedicated PCRA Service and Trade Team to discuss your plan's trading capabilities at Charles Schwab.

Researching your investment choices

With PCRA, you've expanded your choices far beyond your plan's menu of investments. Next, learn about your available investments so you can fine-tune your portfolio according to your needs and investment objectives.

Typical PCRA choices:

- **Mutual funds**—Choose from thousands of funds from hundreds of fund families.
- **Stocks**—Trade stocks listed on all major exchanges as well as over-the-counter issues.
- **Exchange-traded funds (ETFs)**³—Build a diversified portfolio while keeping investing costs low.
- **Individual bonds**—Find the right bond easily with the online Schwab BondSource[®] tool.
- **Certificates of deposit (CDs)**—Browse a wide selection of rates and maturities from banks nationwide.

Investors should consider carefully information contained in the prospectus, including investment objectives, risks, trading policies, charges, and expenses.

You can request a prospectus by calling Schwab's dedicated PCRA Call Center at 1-888-393-PCRA (7272). You may also request a prospectus online at schwab.com/prospectus. Please read the prospectus carefully before investing.

Placing trade orders

You can place trade orders as often as you like, day or night,⁵ as long as you have sufficient funds or securities in your PCRA to complete the trade. Below, you can find the method that works best for you.

Schwab.com[®]

The easiest way to place trade orders is online at **Schwab.com** or through the Schwab Mobile app.

Automated phone services

With Schwab's touch-tone and voice recognition services, you can place trade orders, get real-time stock quotes, and check your account balance whenever it's convenient for you. Schwab's new voice ID feature allows you to access your account just by speaking the phrase "At Schwab, my voice is my password."

Schwab Automatic Investment Plan (AIP)⁶

Arrange regular, ongoing investments of \$100 or more in any Schwab Mutual Fund OneSource^{®7} fund you purchase through your PCRA. Schwab makes it easy to take advantage of dollar-cost averaging. Log in to your PCRA, then enroll at **schwab.com/AIP** or find AIP under **Trade > Mutual Funds > Automatic Investing**.

Your personal investment advisor

If your plan allows, you can authorize your own investment advisor to trade on your behalf by completing a Schwab PCRA Limited Power of Attorney (LPOA) for an Investment Advisor or a PCRA LPOA for a third-party form. You can find these forms at **Schwab.com** in the PCRA Resources section after you log in.

Schwab Stock Slices[™]: Our newest service in your PCRA

You can also use Schwab Stock Slices, a service that lets you own a fractional share (slice) of any of America's leading companies in the S&P 500[®] for as little as \$5 each, even if their shares cost more. You can purchase a single stock slice or up to 10 different stock slices at once, and you can hold slices of as many S&P 500 companies in your portfolio as you want through multiple purchases. Schwab Stock Slices are purchased commission-free online—just like regular stock trades at Schwab. Click on **Trade > Schwab Stock Slices** in your PCRA to get started.⁸

Withdrawing money

As your financial needs change, you may want to transfer money back into other investments in your retirement plan—or transfer money out of your PCRA to take a loan, withdrawal, or distribution.

Keep these points in mind when considering a transfer or distribution:

- Money in your PCRA cannot be accessed directly, because it's part of your retirement plan savings and is therefore subject to the same restrictions as your retirement plan.
- Investments in your PCRA generally must be sold to transfer money out of the account.
- The funds from investments you sell are swept into the cash sweep feature in your PCRA. The money you intend to transfer out must be settled prior to transferring it back to other investments in your retirement plan.

Keep these points in mind when considering a loan or hardship withdrawal:

- Your retirement plan may not allow you to take a loan or hardship withdrawal. If your plan does allow them and you need to access your money, please contact your Provider for instructions.
- You may need to liquidate assets in your PCRA to make cash available for transfer back to other investments in your retirement plan before a loan or hardship request can be processed. When a loan is requested, the amount in your PCRA is generally taken into consideration as part of the entire retirement plan balance.

Brokerage Products: Not FDIC-Insured • No Bank Guarantee • May Lose Value

¹Please refer to each fund's prospectus for more information before investing or transferring money.

²Settled cash balances are swept to one or more Affiliated Banks after the close of business and begin earning interest on the following Business Day. Interest is compounded daily and credited on the 15th of each month (or the following Business Day if the 15th is not a Business Day). A "Business Day" is any Monday through Friday that is not a Federal Reserve Bank or New York Stock Exchange holiday. Bank Sweep for Benefit Plans deposits are held at one or more FDIC-insured banks ("Affiliated Banks") that are affiliated with Charles Schwab & Co., Inc. ("Schwab"). Investment products and services (including unswept or intra-day cash, net credit or debit balances, money market funds, and assets held in a Schwab Personal Choice Retirement Account[®]) are not deposits or obligations of the Affiliated Banks, are subject to investment risk, are not FDIC insured, may lose value, and are not Affiliated Bank-guaranteed. The Affiliated Banks and Schwab are separate but affiliated companies and subsidiaries of The Charles Schwab Corporation.

³The standard electronic \$0 commission does not apply to over-the-counter (OTC) equities, transaction-fee mutual funds, futures, fixed-income investments, or trades placed directly on a foreign exchange or in the Canadian market. Options trades will be subject to the standard \$0.65 per-contract fee. Service charges apply for trades placed through a broker (\$25). Exchange process, ADR, and Stock Borrow fees still apply. See the *Charles Schwab Pricing Guide for Retirement Plan Accounts* for full fee and commission schedules.

⁴Options carry a high level of risk and are not suitable for all investors. Certain requirements must be met to trade options through Schwab. Please read the options disclosure document titled "Characteristics and Risks of Standardized Options." Call Schwab at 1-800-435-4000 for a current copy. Supporting documentation for any claims or statistical information is available upon request.

⁵Access to electronic services may be limited or unavailable during periods of peak demand, market volatility, systems upgrades or maintenance, or for other reasons.

⁶Periodic investment plans (dollar-cost averaging, dividend reinvestment, or Schwab's AIP) do not ensure a profit and do not protect against loss in declining markets. Since AIP involves continuous investment in securities regardless of fluctuating price levels, you should consider your financial ability to continue your purchases through periods of low price levels before deciding to invest this way.

⁷For participants who utilize the Personal Choice Retirement Account (PCRA), the following fees and conditions may apply: Schwab's short-term redemption fee of \$49.95 will be charged on redemption of funds purchased through Schwab's Mutual Fund OneSource[®] service (and certain other funds with no transaction fee) and held for 90 days or less. Schwab reserves the right to exempt certain funds from this fee, including Schwab Funds[®]; which may charge a separate redemption fee, and funds that accommodate short-term trading. Trades in no-load mutual funds available through Mutual Funds OneSource service (including Schwab Funds) as well as certain other funds, are available without transaction fees when placed through schwab.com or our automated phone channels. Schwab reserves the right to change the funds we make available without transaction fees and to reinstate fees on any funds. Funds are also subject to management fees and expenses. Charles Schwab & Co., Inc., member SIPC, receives remuneration from fund companies for record keeping, shareholder services and other administrative services for shares purchased through its Mutual Fund OneSource service. Schwab also may receive remuneration from transaction fee fund companies for certain administrative services.

⁸Schwab Stock Slices[™] is not intended to be investment advice or a recommendation of any stock. Investing in stocks can be volatile and involves risk, including loss of principal. Investors should consider their individual circumstances prior to investing.

¹⁰Because environmental, social and governance (ESG) strategies exclude some securities, ESG-focused products may not be able to take advantage of the same opportunities or market trends as products that do not use such strategies.
