

TRUST BANK

July
2025

Designed for low-risk capital preservation

Schwab Bank Savings is a money market deposit account—a type of savings deposit—established by your Plan at Charles Schwab Trust Bank. It intends to provide a variable yield in the form of interest from the bank. **The current APY is 1.60%.**

Low-risk interest at a market-based rate

Capital preservation is not about chasing yield. Schwab Bank Savings is intended to bear interest at a reasonable rate without the associated risk of investment vehicles that chase high yields. The annual percentage yield (APY) reflects the total amount of interest paid based on the interest rate, and the daily compounding frequency for a 365-day period. For current rates, consult workplace.schwab.com.

No additional expenses to participants or plan

Unlike standard money market or stable value funds, the plan or participants do not pay additional operating or administrative expenses on their funds allocated to Schwab Bank Savings. Instead, Charles Schwab Trust Bank's compensation comes from the "spread" between what it earns from investing and lending activities and the interest rate it pays participants (plus any other expenses absorbed on these accounts).

How does it compare to alternative capital preservation options?

While Schwab Bank Savings is different than many cash preservation options, it can be helpful to view the average annual percentage yield as compared with a money market fund index with similar characteristics (liquidity, safety).**

Past performance cannot guarantee future results Source: Crane Data 30 day rate as of June 26, 2025. **These benchmarks were selected for comparison with Schwab Bank Savings because they track products with similar characteristics of liquidity and safety, however, Trust Bank's portfolio is not invested exclusively in government or treasury securities.

More key benefits

- **FDIC insurance**—Funds deposited in Schwab Bank Savings at Charles Schwab Trust Bank are, subject to the satisfaction of certain conditions, eligible for Federal Deposit Corporation Insurance (FDIC). FDIC deposit insurance coverage will vary depending on the type of plan or account. Please visit fdic.gov for more information.
- **No fees and/or gates**—Bank products are not subject to money market fund liquidity fees and redemption gates.
- **Bank soundness**—Charles Schwab Trust Bank has strong liquidity, internal financial controls, and business standards, with a focus on keeping client assets safe.

How is the rate determined?

Schwab Bank Savings pays a Bank-administered rate of interest that may be adjusted by the Bank based on market conditions. It is intended to be consistent with ERISA reasonable rate standards based on comparator deposit rates available to employee benefit plans while considering available investment options, market segments, competitive positioning, and other factors.

FDIC Coverage and Other Disclosures

SCHWAB BANK SAVINGS AND FDIC COVERAGE

Schwab Bank Savings (“SBS”) is a money market deposit account (“MMDA”) established for your Plan at Charles Schwab Trust Bank (“Trust Bank”).

The portion of your Plan account that you allocate to SBS is, subject to the satisfaction of certain conditions, eligible for coverage by Federal Deposit Insurance Corporation (FDIC) deposit insurance . You are responsible for monitoring the total amount of deposits you maintain directly with Trust Bank in order to determine the extent of FDIC coverage available to you. Because the deposit insurance rules are complex, you may want to contact the FDIC or use the FDIC’s online tool, Electronic Deposit Insurance Estimator (<https://fdic.gov/edie>) to estimate your total coverage.

SCHWAB BANK SAVINGS INTEREST

Interest compounds daily and is credited monthly to your Schwab Bank Savings (“SBS”) balance on the last Business Day of each month. A “Business Day” is any Monday through Friday that is not a Federal Reserve Bank or New York Stock Exchange holiday.

The interest rate is in effect for the entire interest period, which ends the last Business Day of each month. Trust Bank may adjust the interest rate prospectively on the day following the last Business Day of the month, which starts the next interest period.

Current interest rate and yield information is posted on your retirement plan website and any changes are posted as soon as administratively practicable. Please refer to the “as of” or “effective through” date of rates and yields displayed. The rate displayed on this statement may not have been in effect for the entire statement period. Interest credited during this statement period and reflected in your SBS balance may include interest accrued in a prior statement period.

Schwab Bank Savings (“SBS”) is a capital preservation option that is not subject to market risk and bears a stated interest rate set on a monthly basis, which remains in effect until at least the last Business Day of the month. Trust Bank may adjust the rate prospectively on the day following the last Business Day of the month. A “Business Day” is any Monday through Friday that is not a Federal Reserve Bank or New York Stock Exchange holiday.

Interest compounds daily and is credited monthly on the last Business Day of each month. The annual percentage yield (“APY”) is the percentage that reflects the total amount of interest paid on an account, based on the annual percentage rate (“APR”) and compounding frequency for a 365-day period. Current rate and yield information may be obtained at your retirement plan website.

There are no operating expenses, shareholder-type fees, or restrictions applied to your holdings in Schwab Bank Savings. Trust Bank earns compensation from the “spread” between what the bank earns from investing activities and the interest rate it pays participants.
